

CHALLENGE

July 2-6, 2018 • Kansas City, MO

Outreach Registration

The Challenge team is excited about the ministry and outreach opportunities being offered in Kansas City. Please read the information and instructions on this page before registering and note that you will be unable to submit your registration without all the requested information.

Choose Your Days

At Challenge, you will have the opportunity to customize four afternoons for the unique needs of your group. Due to the logistics, transportation needs, and community partnerships involved, **groups are limited to two afternoons of outreach.**

When you register, you will need to choose which day(s) you would like to do outreach. If you would like to do more than two afternoons of outreach, there will be a place to indicate that you are interested in additional outreach opportunities should they become available. There are also many great equipping labs and recreational options available in the afternoons. Please be prayerful, strategic, and realistic about how you customize your week.

Choose Your Ministry Opportunity

We are pleased to offer two different types of ministry opportunities for your group. Descriptions for “Prayer” and “Service” opportunities are below. Most of our opportunities fall under the service description, but we are excited to be increasing the number of prayer opportunities available in 2018.

1. **Prayer:** Prayer outreach is intercessory and evangelism-based outreach. We utilize prayer stations and prayer walking.
 - *Prayer Stations:* Prayer Stations provide opportunities for students to engage people in the community in non-threatening ways. Training will be provided.
 - *Prayer Walks:* By partnering with local churches and ministries, your group will provide needed prayer support for spiritual breakthrough in a targeted community. Training will be provided.
2. **Service Projects:** These projects mobilize groups to serve with their hands, muscles, and servant hearts. Spread throughout the city, these projects serve the city, local ministries, and engage the community. Projects include restoring parks and playgrounds, working with homeless shelters, partnering with other city organizations, and coming alongside local churches as their extension into their communities.

Each youth group must be chaperoned with an appropriate 10:1 student-to-leader ratio.

*NOTE: Most groups register for one outreach session per afternoon. However, if you split your group between different outreach categories within the same afternoon session, you **MUST** register each*

grouping separately (i.e. 10 students for Prayer on Tuesday and 15 students for Service on Tuesday). If you split your group, you must still meet the 10:1 student-to-leader requirement for each grouping.

Keeping Your Commitment

We work very hard to confirm ministry assignments with you and share all the necessary information needed to give you peace of mind and clear understanding. Please be present each afternoon you register for outreach! Not showing up or cancelling gives Challenge a bad name in the community, besides creating a logistical nightmare as we scramble to make good on our commitment to partnering organizations.

Praying for You!

We are already praying for the groups that will be serving and for our churches, ministries, and community partners in Kansas City. We are praying for ministry opportunities that might awaken your students' missional understanding and imagination to Christ's specific call on their lives. Please be in prayer with us and for us. Thank you!

Keri Early
Outreach Director, Challenge Lead Team
